

Ceres at Climate Week - London Sponsorship Opportunities

June 21-29, 2026

London's global influence in finance and policy makes it an ideal setting for advancing climate ambition. At London Climate Action Week, Ceres will convene businesses and investors for high-impact conversations on scaling climate solutions and supporting a just transition.

As a sponsor, you'll gain strong international visibility, connect with key leaders, and demonstrate your commitment to driving global climate progress.

Program Sponsor | \$15,000

As a Program Sponsor in London, your organization supports Ceres' leadership in delivering high-impact programming that brings together leaders from business, finance, and policy. This opportunity includes logo placement across program-related digital and onsite materials and a speaking role during a Ceres-hosted session, positioning your organization as a visible supporter of the ideas and solutions shaping the global climate agenda.

Sustainability Sponsor | \$5,000

The Sustainability Sponsor level offers a simple, flexible way to support Ceres as a partner during London Climate Action Week. This level is ideal for organizations looking to demonstrate alignment with Ceres' mission and climate leadership, with logo recognition across select digital and onsite materials tied to Ceres' Climate Week presence.
